

“CCCL” Coastal Construction Control Line

Get a sneak peek into 6th Edition (2017) Section 3109 updates to the Florida Building Code.

When: Friday, June 2, 2017
9 AM – 4 PM

Where: Osceola County
Office of Emergency Management
2586 Partin Settlement Road
Suite EOC-ICC
Kissimmee, FL 34744

CECs: 6 CECs for CFMs
4 PDHs for PEs

Instructor: Stephen Boehning, PE, CFM

Cost: \$50 – FFMA individual members
\$150 – non-FFMA members

Course Description:

This course will explore the flood related regulatory requirements for building siting and construction within the coastal region. In addition to understanding coastal floodplain regulations, this course addresses the risk associated with designing to these minimum standards. Course discussion will include:

- FDEP Coastal Construction Control Line (CCCL)
- Florida Building Code (Section 3109)
- FEMA NFIP Regulations
- FEMA Floodplain Ordinance Model
- Minimum and Higher Standards
- ASCE 24
- FEMA Coastal Construction Manual
- FEMA Local Officials Guide to Coastal Construction

Course Objectives:

- Understand Florida Building Code Section 3109 and FDEP CCCL Compliance
- Learn how to navigate through multi-jurisdictional coastal regulations
- Learn how to identify and resolve coastal construction regulatory conflicts
- Estimate long-term coastal shoreline change and understand future potential risk
